Explore Chestnut Hill after dark during Night of Lights

PHOTO BY BRADLEY MAULE

Explore Chestnut Hill after dark when, starting on Friday, Germantown Avenue transforms into a nightly interactive exhibition of local history and architecture for [Night of Lights](#). See historic

images of Chestnut Hill projected through storefront windows while neighboring historic buildings are illuminated with colored lights. Grab a bite at participating restaurants and food spots, shop and browse at the avenue stores which will be open late, and visit projection locations to win a prize. The hybrid installation also features QR codes and textable keywords at each site that will bring visitors to a virtual and audio experience.

When: October 9-25

Where: Germantown Avenue, Chestnut Hill

Cost: Free
